The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 3, 5 and 6 are rejected under 35 U.S.C. 102(b) as being anticipated by Paddock et al. (U.S. Patent 4,585,126).

Paddock et al. show in Figure 5 a conveyor belt 38 for use in a produce transport system having belt 38 with a plurality of cushioned produce holders 40 arranged on the belt which pockets are suitable for holding products 30 in place and in a desired orientation. The pockets are flexible and cushioned given the nature of the product being conveyed is fruit.

Re claim 5, product placed in the pockets given the nature of the pockets will remain in a desired orientation.

Re claim 6, product ends may be orientated towards the belt sides if so desired.

Claim 4 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 2, 7-10 and 60-63 are allowed.

Applicant's arguments with respect to claims 3, 5 and 6 have been considered but are most in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
